

WECC

MISOPERATIONS WORKSHOP

**ENGAGE IN DISCUSSION ABOUT PROTECTION SYSTEM
PRACTICES IN THE WESTERN INTERCONNECTION.**

**LEARN MORE ABOUT KEY ISSUES, SHARED GOALS, AND
HOW TO REDUCE OUR MISOPERATION RATE.**

COMMISSIONING | ROOT CAUSE ANALYSIS | MODELING & SETTINGS | KNOWLEDGE TRANSFER | CORRECTIVE ACTION PLAN

WESTERN ELECTRICITY COORDINATING COUNCIL
155 North 400 West, Suite 200
Salt Lake City, Utah 84103-1114

Workshop Dining

Get to know your fellow participants! Lunch will be provided on Tuesday. Although many participants may already be familiar with each other, some of you may find yourselves dining with *strangers*.

WECC has organized a dine o' round at nearby restaurants on Tuesday evening—we invite you to continue discussions of workshop topics with your new and familiar *acquaintances*. A sign-in list will be available at the beginning of the workshop.

**Attendance for the dine o' round is on a volunteer basis. Each participant is responsible to purchase their food and beverages.*

Breakfast will be provided on Wednesday morning. We encourage you to continue your discussions from the night before with your fellow participants as new *friends*.

On Wednesday afternoon lunch will be provided. Now, we hope that you consider your fellow participants *teammates!*

REGISTER HERE

Workshop Description

Join your fellow engineers and technicians for two days of informative, interactive discussions about protection system practices in the Western Interconnection. The workshop will cover topics such as:

- Best practices for preventing and resolving issues associated with commissioning.
- The current landscape of misoperation root cause analysis and opportunities for improvement.
- Improving the dialogue for short-circuit models and setting validation.
- Techniques to address knowledge transfer in your Protection and Control Department.

Agenda

Tuesday, June 5, 2018

12:00 p.m. – 5:00 p.m.

Lunch with Strangers
