Wednesday, September 8, 2021

| | |
|--|-----------------------|
| Human Resources and Compensation Committee Closed.... | 8:45–10:15 a.m. |
| Class 1 Meeting | 10:00–11:30 a.m. |
| Class 2 Meeting | 10:00–11:30 a.m. |
| Class 3 Meeting | 10:00–11:30 a.m. |
| Class 4 and 5 Meeting | 10:00–11:30 a.m. |
| Human Resources and Compensation Committee | 10:15–10:45 a.m. |
| Governance Committee | 11:00–11:30 a.m. |
| Lunch | 11:30 a.m.–12:00 p.m. |
| Annual Meeting and Technical Session | 12:00–2:00 p.m. |

As the resource portfolio in the Western Interconnection transitions to more non-dispatchable, renewable resources, balancing generation and load will continue to be one of the greatest challenges for system operators. In this technical session, industry experts will discuss various energy storage technologies, challenges with integrating them, and how they can be used to maintain system reliability.
