

Impact of Distributed Energy Resources Advisory Group Scenarios Work Group Studies Subcommittee

Virtual

10:00–noon, Wednesday, November 17, 2021

The Impact of Distributed Energy Resources and the 2040 Clean Energy Scenarios Assessments are part of the 2021 Study Program.

At this meeting, the staff liaisons for the DER Advisory Group and the Scenarios Work Group (SWG) will be reporting out on their assessment and will open the report approval process for the Studies Subcommittee (StS). Feedback on these reports will be collected from November 17 to November 24, 2021. Please send all feedback on these reports to [Jon Jensen](#) (DER) and [Mike Bailey](#) (SWG).

The DER Advisory Group, SWG, and the StS will meet one final time on Wednesday, December 1, 2021, to address how the collected feedback was incorporated into the reports and will seek final approval from the StS.
