

RAC – Reliability Assessment Committee and RRC – Reliability Risk Committee

155 North 400 West, Suite 200

Salt Lake City, Utah

The RAC provides coordinated reliability assessments of the Bulk Power System over the planning horizon and providing related advice and recommendations.

The RRC identifies and addresses known and emerging risks to the reliability and security of the Western Interconnection.

We are limiting in-person attendance for this meeting. Be sure to register before you book your travel arrangements.

Please do not attend if you are sick or feeling unwell. During this event, we ask that you be respectful of the personal needs and choices of others regarding health and safety.
