

Recap of Inaugural RRC Meeting

June 28, 2022

Dede Subakti

Meeting Recap

- Reviewed the purpose of RRC as documented in the Board approved Charter
- Reviewed the RRC expectations and responsibilities
- Discussed engagement and expectations
- Discussed risk intake and prioritization
- Discussed subcommittee reporting format
- Discussed goal setting

2022 Goals

- To become established as a new committee—to make sure the members of the RRC understand why the committee exists, to clarify responsibilities and expectations, and to generate excitement and enrollment;
- To successfully transition from the Operating Committee (OC) and the Market Interface Committee (MIC) to the RRC;
- To develop a three-year work plan that supports the 2022 Risk Priorities, RRC objectives, and WECC's overall reliability and security objectives;
- To support the JGC restructure and implement the RRC structure in collaboration with the JGC and RAC; and
- To develop and implement a risk intake process to help identify, prioritize, and address reliability and security risks
