

# Review current status of First-Generation Renewable model in WECC base case

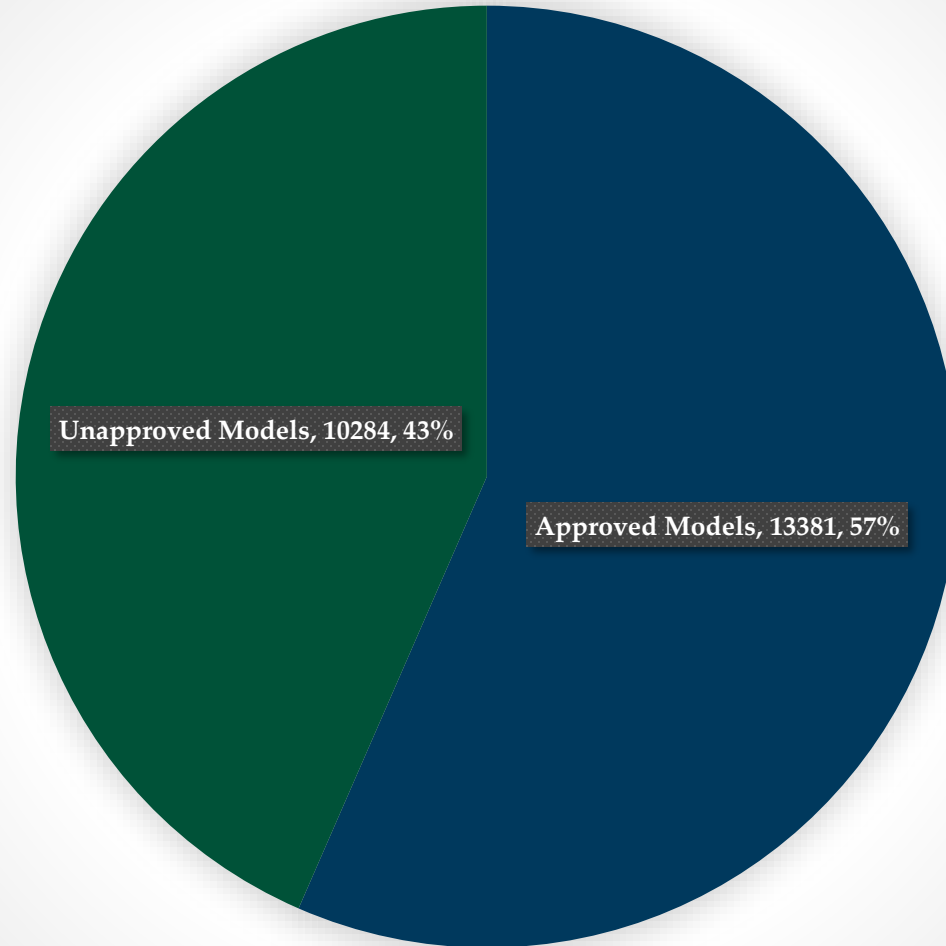

April 7, 2020

Doug Tucker, WECC Staff

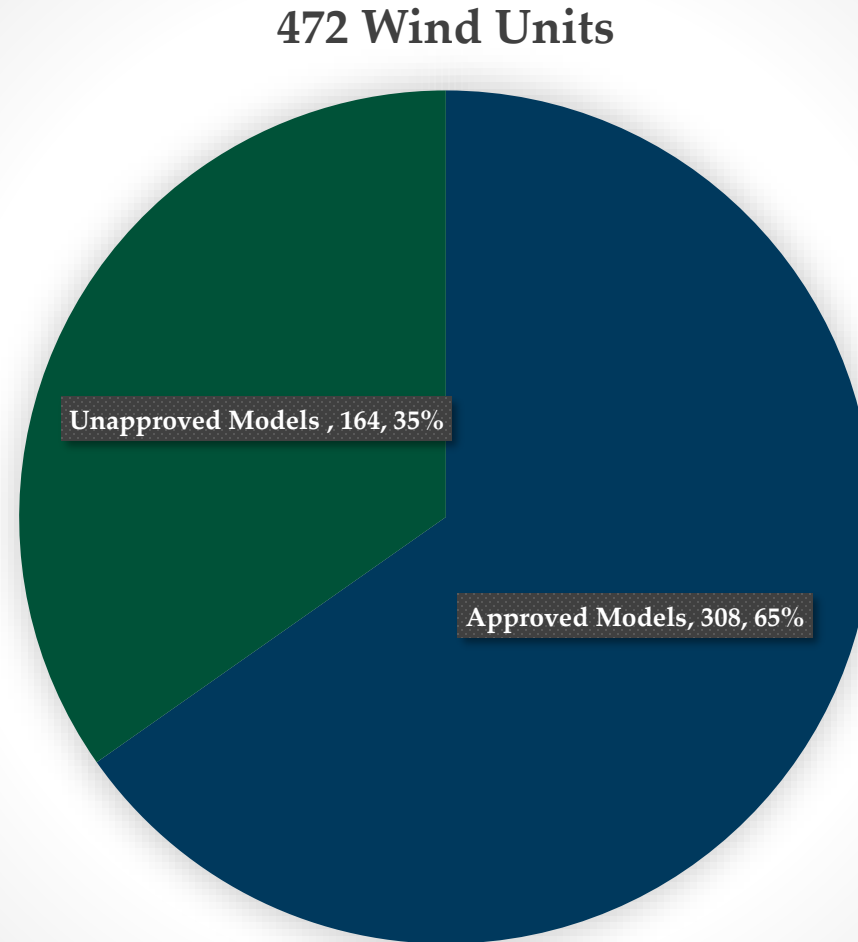

# Solar Modeling in 2022 HSP1 Base case

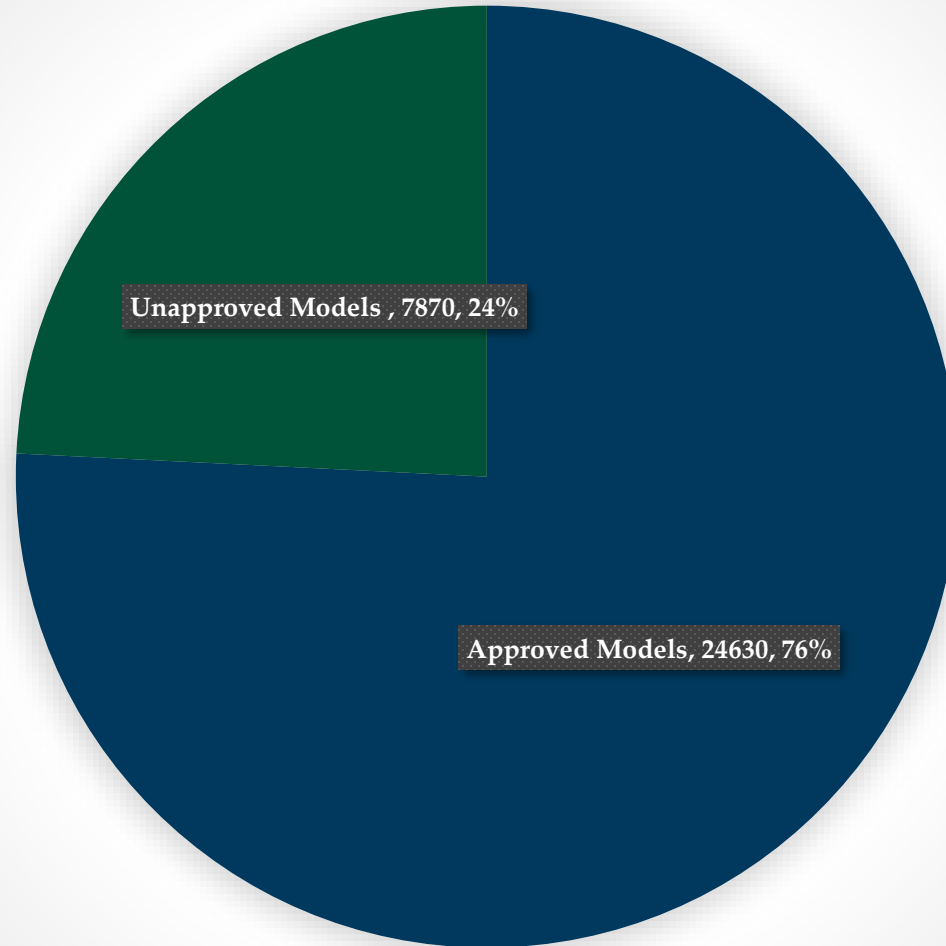

# 23,665 MW's of Solar

# Wind Modeling in 2022 HSP1 Base case

# 32,500 MW's of Wind

# Next Steps

---

- Focus on replacing Phase 1 Wind models in 2021
- Continue to gather approved solar models
