WASHINGTON, D.C. – Take notice that staff of the Federal Energy Regulatory Commission (FERC) and NERC will hold a joint workshop on March 20, 2025, from 1:00 PM to 5:00 PM at the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.

The workshop will focus on the “assessment” aspect of supply chain risk management (SCRM). Specifically, the workshop panels will discuss the proposed directive in the Commission’s September 19, 2024 [Notice of Proposed Rulemaking](#) in FERC Docket No. RM24-4-000 to require that entities establish steps in SCRM plans to validate the completeness and accuracy of information received from vendors during the procurement process to better inform the identification and assessment of supply chain risks associated with vendors’ software, hardware, or services.

For more information on this workshop, please contact:
