

# Announcement

## Save the Date for Milestone 3 Industry Engagement Workshop

The workshop will be held from June 3–5, 2025, and will focus on discussing industry comments regarding the following projects:

- Project 2020-06 – Verifications of Models and Data for Generators
- Project 2021-01 – System Model Validation with Inverter-Based Resources (IBRs)
- Project 2022-02 – Uniform Modeling Framework for IBRs

The primary objective of the workshop will be to explore the key commonalities identified in the industry comments received during the balloting period, as well as questions raised during outreach leading up to the workshop. Breakout sessions will provide opportunities for in-depth discussions on the relevant standards and to integrate industry comments into these standards in pursuit of consensus. Please note that breakout sessions will only be open to in-person attendees.

### Workshop Schedule

|              |                      |  |
|--------------|----------------------|--|
| June 3, 2025 | 12:00–5:00 p.m.      | Large Group Conference (in-person/virtual) |
| June 4, 2025 | 9:00 a.m.–12:00 p.m. | Large Group Conference (in-person/virtual) |
|              | 1:00–5:00 p.m.       | Project Breakout Session (in-person only)  |
| June 5, 2025 | 9:00 a.m.–12:00 p.m. | Project Breakout Session (in-person only)  |

Further details regarding the location and agenda will be shared as we approach the workshop date. Additionally, NERC’s Engineering and Standards Development staff will reach out to the industry to gather questions and comments approximately 1–2 weeks prior to the workshop. We encourage you to submit any questions or topics you would like to see addressed during the event.
