

PCDS – Production Cost Data Subcommittee

Virtual

2:00 p.m.—3:30 p.m. Mountain Time, Tuesday, July 5, 2022

Please note the updated time. This meeting will recur every Tuesday.

Dear PCDS members,

This is to let you know that PCDS meetings will continue to be held Tuesdays, however, in the afternoon rather than in the morning. The “new” time will be 2:00 – 3:30 PM MST (1:00 – 2:30 PM PST), effective July 5, 2022.

On the June 28, 2022, PCDS call, meeting participants agreed that the time change was warranted as it conflicted with the COI 5100 Project Coordination Review Group meetings which requires my participation.

Thank you all for your understanding.

Jamie Austin
