Subject: WECC 2023 Armando J. Perez Outstanding Contributor Award

WECC has been built on the considerable efforts of its many members and volunteers. We could not achieve our mission without strong partnerships. Each year WECC recognizes an individual or group who demonstrated commitment and support in delivering WECC's reliability and security goals in the preceding year. This annual award allows us to recognize and celebrate those outstanding contributions. Recent recipients of the award are:

2022 – Chelsea Loomis, Western Power Pool
2021 – Jonathan Aust, Western Area Power Administration
2020 – Chifong Thomas, SmartWires
2019 – Peter Mackin, GridBright
2018 – Bob Case, Black Hills Corporation

WECC is now soliciting nominations from its members for the distinguished Armando J. Perez Outstanding Contributor of 2023, to be presented at the Annual Members Meeting on September 18, 2024.

Please use the attached form to submit your nomination to Brittany Huggins (bhuggins@wecc.org) by 5:00 p.m. Mountain Time on Friday, August 9, 2024. Include a brief summary of the contributions made by the individual or group of contributors that qualify your nominee for the award.

Thank you in advance for your time and consideration. Your help in the award process is greatly appreciated.

Sincerely,

Melanie M. Frye
President and Chief Executive Officer

Attached: OCA Nomination Form
