

RELIABILITY & SECURITY

Workshop - Salt Lake City, UT

March 26–27, 2024

A Discussion with WECC Senior Technical Advisors

March 27, 2024

Moderator: Sandra Revnell, Manager, Entity Monitoring

Fahad Ansari, Senior Technical Advisor, Oversight Planning

Bill Fletcher, Senior Technical Advisor, Enforcement & Mitigation

Morgan King, Senior Technical Advisor, Cybersecurity

Mark Rogers, Senior Technical Advisor, Registration

Patrick VanGuilder, Senior Technical Advisor, Risk Assessment

What You Will Learn and Why it Matters

- Learn the role Senior Technical Advisors play at WECC
- Explore how a risk-based approach is integrated across the CMEP and understand internal control considerations
- Hear about current ERO Projects and how the advisors contribute to these projects
- Learn how you can gain value from WECC's Senior Technical Advisors

**All aspects of the CMEP
contribute to each other**

A Risk-based CMEP

Internal Controls

Partnership

Communications with External Stakeholders

Current Projects
