Governance, CAISO

Ryan Olson, NERC Program Manager, Portland General Electric

What Will You Learn and Why it Matters

- Learn how to use the Align and SEL tools effectively
- Understand the critical role they serve in your interactions with WECC and the ERO Enterprise
- You will use these platforms—*all CMEP processes are dependent on these tools*

Align Evolution

- Align for Canada
- [Align Governance Model](#)
 - Foster collaboration across ERO Enterprise
 - Registered entity interaction and input
 - Interaction model
 - Align User Group > Align Product Management Team > Operations Leadership team
