

# RELIABILITY & SECURITY

Workshop - Salt Lake City, UT

March 26–27, 2024

# Scoping and Oversight Planning

March 26, 2024

Moderator: Sandra Revnell, Manager, Entity Monitoring

Fahad Ansari, Senior Technical Advisor, Oversight Planning

Kaleb Brimhall, Enforcement Attorney

Renee Knarreborg, Auditor, O&P

Josh Rowe, Senior Auditor, CIP

# What You Will Learn and Why it Matters

---

- Learn about the inputs to an entity's monitoring scope
- Understand how
  - Different CMEP teams at WECC collaborate to develop a monitoring scope
  - Established and emerging risks can dictate the frequency and type of monitoring within the Western Interconnect
  - Knowledge of an entity's internal controls, and their management of residual risk, can affect a monitoring scope
- **COP ≠ AML\* ≠ Scope**

# Monitoring Scope Inputs

**COP ≠ AML\* ≠ Scope**

# CMEP Team Collaboration

# Frequency and Type of Monitoring

# Internal Controls and Residual Risk
