Subject: Completion of Retirement of North of John Day (NOJD) ATC Path

Bonneville Power Administration

Requested Action: Information Only

Subject Description:

Bonneville Power Administration (BPA) Transmission Services has retired NOJD as an ATC Path in both the long-term and short-term markets as of 11:00 am Wednesday, May 12th, 2021.

The following documents have been updated to reflect this change which are available on BPA's [ATC Methodology page](#):

- [ATC Implementation Document](#) (v63)
- [Map of Long-term Constraints](#)
- [Map of Short-term Constraints](#)

Additionally, all inventory tools posted to BPA's [Transmission Availability web site](#) will be updated by COB today (Wednesday, May 12). If you have any questions or concerns about this change, please send an email to techforum@bpa.gov or contact your Account Executive.
