

WECC Risk Management Program Update

Mark Willis

Principal Risk Engineer

**Electric Reliability
& Security for the West**

October 22-23, 2025

WECC Risk Management Process

- [Risk Management Process](#) (RMP) has been updated
- Risk Process Flow is being updated
- The Risk Register risks are being re-analyzed based on the new RMP. Expected completion is April 2026
- Once completed in 2026, risks will be reassessed based on priority
 - Extreme/High—annually
 - Medium—biennially
 - Medium Low/Low—triennially
