Enforcement Fundamentals

WECC Enforcement Fundamentals is designed for those who have recently taken on NERC compliance responsibilities or are managing an existing program and seeking to sharpen their skillset. The carefully curated program will provide you with a comprehensive understanding of the current NERC compliance and enforcement framework; reporting and resolving noncompliance including the use of NERC Align and SEL tools; and navigating industry guidance and resources.

January 28-29, 2025
Southern California Edison (SCE)
Research Center / Energy Education Center
6090 N. Irwindale Avenue
Irwindale, CA 91702

Schedule:

Day 1: 8:30 a.m.–3:30 p.m. Pacific Time

Day 2: 8:30 a.m.–3:30 p.m. Pacific Time

Agenda

DAY 1
Enforcement Background: Introduction to the function of Enforcement, the Self-Logging Program, and Enforcement processing.
Noncompliance Reporting: Overview of reporting noncompliance, including writing the description and recording the extent of condition, duration, and the risk to BES.

DAY 2
Noncompliance Reporting, continued: Reporting root cause, mitigation, and compliance history.
Noncompliance Processing: Gain understanding of the Enforcement review process, disposition tracks, and closing out the case.
Practice and References: Practice the principles learned and review the resources available.
