

Data Submitter Training

Philip Augustin
Salt River Project

RAC Co-Chair

**Electric Reliability
& Security for the West**

July 8, 2026

Goals

- Enhance data and model quality
- Provide on demand resource to data submitters to WECC
 - Often data submitters have limited experience
- Clarify expectations
- Encourage consistency between data submitters

Modules

- 3 modules are envisioned
 - Universal Data Submitter Training
 - Loads and Resources Data Submission
 - Base Case Data submission

Universal Data Submitter Training

- About WECC
- Creating an account with WECC
 - Website
 - Secure File Transfer (Secure Workspace)
 - Email Distribution Lists
- WECC Weekly
- Grid Fundamentals

Loads and Resources

- What is Loads and Resources
- How is Loads and Resources used by WECC
- L&R Manual
- Data reporting templates and how to fill them out
 - What kinds of data we request
 - Forecasts and Actuals
 - Reliability Narrative
- Performance Feedback Reports

Base Cases

- What is a base case?
- How the data is used by WECC and industry
- Data Preparation Manual
 - Data requirements
- Base Case Compilation Schedule
- Data submitter expectations
- System Review Subcommittee
- Frequently Asked Questions (FAQ)
