J. Anderson introduced the proposed meeting agenda.

On a motion by Karen Reedy, the SRS approved the agenda.

4. Review and Approve Previous Meeting Minutes

J. Anderson introduced the minutes of the meeting on October 9, 2025.

On a motion by Logan Affleck, the SRS approved the minutes of the meeting on October 9, 2025.

5. Review Previous Action Items

Nicole Lee, senior administrative assistant, reviewed action items carried over from the SRS meeting on October 9, 2025. Action items that are not closed and will be carried forward can be found on wecc.org.

6. Project Inclusion Comparison Tool

Ben Hutchins, Western Power Pool (WPP), presented the project comparison tool. This will be used for Area 40 projects. WECC is interested in looking at the possibility of using this in the future.

7. Station Service Load ID Requirement Removal

Kalin Lee, Bonneville Power Administration (BPA), presented the station service load ID requirement removal. K. Lee will draft a DPM change request.

8. Data Coordination

L. Affleck led the discussion on data coordination. WECC reviews are done to capture unintentional changes, but it is difficult to find errors in larger areas with multiple entities. L. Affleck reminded the SRS to make sure that change files are within only your own footprint to reduce the chance of problems occurring with neighboring entities. L. Affleck will post an updated version of WECCTools on wecc.org.

9. WECC PSLF Version 24 Timeline

L. Affleck presented WECC PSLF version 24 timeline. WECC will be moving to version 24 beginning with the spring ops case, and that version 22 will no longer be posted.
