Studies Subcommittee Members

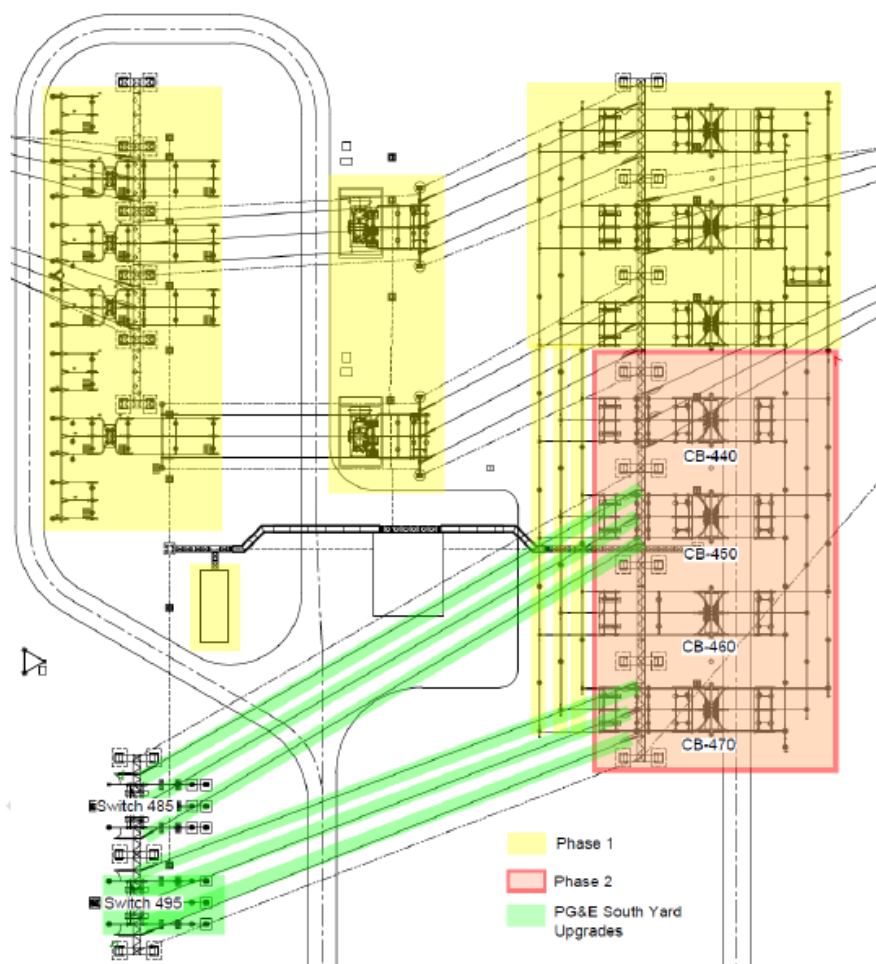

Tom Carr, Chair

Doug Tucker, WECC Senior Staff Engineer

In accordance with the Western Electricity Coordinating Council's (WECC) Progress Report Policies and Procedures, Hetch Hetchy Water and Power (HHWP) provides its **2024 Annual Progress Report**.

Project Name: Warnerville Substation Rehabilitation Phase 2

Project Description: HHWP will replace four 230 kV circuit breakers and associated bus work as noted in the drawing below. The work is planned to be completed in 2025.

General Manager

OUR MISSION: To provide our customers with high-quality, efficient and reliable water, power and sewer services in a manner that values environmental and community interests and sustains the resources entrusted to our care.

No Significant Impacts: HHWP included this project in its most recent annual transmission assessment pursuant to NERC Standard TPL-001-4 and TPL-001-5; the California Independent System Operator's planning standards; and WECC's Regional Criteria TPL-001-WECC-CRT-4. This project resulted from coordination efforts between HHWP and the CAISO. HHWP has further coordinated with its adjacent Transmission Owners to ensure that this project does not introduce any adverse impacts to any neighboring Transmission Owner's interconnected systems.

If you have questions concerning this project, please contact our Operations and Transmission Planning Engineer, Lesley Kayser-Sprouse, at (540) 292-3392. Thank you for your assistance in this matter.

Sincerely,

DocuSigned by:
