This message came from outside your organization.

Good Morning Doug, Tom, and STS Members;

SNPD does not have new generation projects (200 MW or greater) or any new, re-design, permanent removal, or upgraded transmission facilities over 200 kV. In addition, there are no planned facilities or other changes (e.g., operating procedures) below these thresholds that may have a significant impact on the reliability of the WECC interconnected bulk electric system.

Please let me know if you have any questions.

Thanks

Tuan Dang, P.E.

Request for 2024 Annual Progress Reports – Due February 23, 2024

December 20, 2023

RELIABILITY ASSESSMENT COMMITTEE

STUDIES SUBCOMMITTEE

Attached is a request for submission of the 2024 Annual Progress Reports.

As indicated in the attached policies and procedures document, Initial and Comprehensive Progress Reports should be sent to [STS](#), [Doug Tucker](#), and [Tom Carr](#) (StS Chair). Annual Supplemental Progress Reports should be submitted to [Doug Tucker](#) and [Tom Carr](#) only. Progress reports are due by February 23, 2024.

Thank you,

Doug Tucker

Senior Staff Engineer
