This message came from outside your organization.

Greetings,

Tacoma Power does not have new generation projects (200 MW or greater) or any new, re-design, permanent removal, upgraded transmission facility over 200 kV, or other changes (e.g., operating procedures) that may significantly alter the operation of the transmission facilities. In addition, there are no planned facilities below these thresholds that may substantially impact the reliability of the Western Interconnection.

Best Regards,

Khanh Thai, PE

Request for 2025 Annual Progress Reports – Due February 28, 2025

January 2, 2025

RELIABILITY ASSESSMENT COMMITTEE

STUDIES SUBCOMMITTEE

Attached is a request for submission of the 2025 Annual Progress Reports.

As indicated in the attached policies and procedures document, Initial and Comprehensive Progress Reports should be sent to [STS](#), [Doug Tucker](#), and [Eepsita Priye](#) (StS Chair). Annual Supplemental Progress Reports should be submitted to [Doug Tucker](#) and [Eepsita Priye](#) only. Progress reports are due by February 28, 2025.

Thank you,

Doug Tucker

Senior Staff Engineer
