Subject: Delamar Energy Storage, LLC 2026 Annual Progress Report

In accordance with the WECC Progress Report Policies and Procedures, the following is Delamar Energy Storage, LLC 2026 Annual Progress Report.

**Delamar Energy Storage**

Delamar Energy Storage is currently planned to be a 250MW lithium-ion battery energy storage project to be located near Boulder City, Nevada. Delamar (Q1796) point of interconnection is at the Eldorado 220 kV substation in Boulder City, Nevada. The site will be in full compliance with NERC Reliability Standards and WECC System Performance Criteria prior to Commercial Operation.

Milestone	Date
Interconnection Agreement Q1796	10/19/2022
Substantial Completion Q1796	6/1/2027

The site is still in planning and development. Site plan and single line diagram are not ready for distribution. Our team is in process of finalizing design. The documents will be submitted when available.
