Mr. Doug Tucker
WECC Staff Liaison

Ms. Eepsita Priye
Chair, WECC Studies Subcommittee

WECC Studies Subcommittee Members

Subject: Imperial Irrigation District 2026 Annual Progress Report

Dear Mr. Tucker and Ms. Priye,

In accordance with the WECC Progress Report Policies and Procedures, the following is Imperial Irrigation District's (IID) 2026 Annual Progress Report:

I. Generation Projects

- a. The IID does not have any planned generation projects (200MW or greater) that will have a significant impact on the reliability of the Western Interconnection.

II. Transmission Facilities

- a. 230kV "KS2" Ramon-Mirage Circuit #2 – New redundant circuit to accompany the existing "KN" and "KS" lines between IID and SCE. This new circuit is expected to be an additional component of Path 42 and has an expected in-service date of Q4 2030.

III. Sub-200kV Facilities

- a. The IID does not have any planned sub-200kV facility projects that will have a significant impact on the reliability of the Western Interconnection.

If any questions arise, feel free to contact any of the following:

Jesus Martinez – jamartinez@iid.com

Matthew Garcia – msgarcia@iid.com

Daniel Sampedro – dsampedro@iid.com

Sincerely,

Jesus Martinez, Superintendent General System Planning & Engineering
Imperial Irrigation District
