### **WECC-0153 Notice of Solicitation for Drafting Team INT-Related Consolidated Criterion**

Drafting Team nominations are being solicited for the following project:

- WECC-0153, INT-related Consolidated Criterion (ICC)

On March 7, 2023, the WECC Standards Committee (WSC) consolidated all INT-related WECC Criteria into a single document titled the ICC. On August 9, 2023, the WSC approved Standard Authorization Request (SAR) WECC-0153 to review the ICC, resetting the required five-year review for each portion of the document.

The SAR can be reviewed on the WECC-0153 home page at the [SAR Form](#) accordion.

If you have an interest in participating on this drafting team, please submit a “DT Nomination Form” found on the Standards Under Development Page. From the Tracking Number drop down menu, please select “WECC-0153.”

Nominations will be addressed at the next scheduled WSC meeting.
