WECC-0157: PRC-006-5 Automatic Underfrequency Load Shedding, Update to the WECC Regional Variance

Drafting Team nominations are being solicited for the following project:

- WECC-0157: PRC-006-5 Automatic Underfrequency Load Shedding, Update to the WECC Regional Variance

On May 21, 2025, the WECC Standards Committee (WSC) approved the Standard Authorization Request (SAR) and authorized the solicitation of drafting team members for the project

The [SAR](#) can be reviewed on the [WECC-0157 project home page](#) under the SAR Form accordion.

If you have an interest in participating on this drafting team, please submit a "[DT Nomination Form](#)" found on the [Standards Under Development Page](#).

From the Project drop-down menu in the nomination form please select "WECC-0157: PRC-006-5 Automatic Underfrequency Load Shedding, Update to the WECC Regional Variance" and fill out the rest of the form with your information.

Nominations will be open through July 18th, 2025, and will be addressed at the next scheduled WSC meeting following the end of the nomination period.
